OMHA Coaching Day

Hockey Canada Specialty Clinics

Join us for practical, hands-on, coaching clinics ...

Join us for a Specialty Clinic created by Hockey Canada and the Ontario Minor Hockey Association.

The instructional modules are based around newly created Hockey Canada resources that address player technical and tactical development as well as coaching effectiveness.

The most important aspect is that the coaches learn how to teach. This proactive, hands-on clinic will include the following modules:

1. SMALL AREA GAMES

2. SKATING

OMHA Specialty Clinics also provide Coaches with the opportunity to earn credits towards the renewal of their OMHA NCCP Certification as part of the Continuing Education Program (CEP) for Coaches.

Each clinic module carries a value of 10 credits.

To renew your certification, complete the Continuing Education Program (CEP) Passport and submit to the OMHA Office.

For more information on the Development Programs offered by the OMHA, visit www.omha.net
